### FAULTS

There are some people in every community and almost every church Bat Hingee was up from St. John who think their cheif duty is to be a and stayed Friday night with John watchdog. They keep the closest watch on everybody, and whenever they see a fault in some one they will Held and William Putnam spent the growl. You hear those watchdogs making remarks like this: "I wonder if that man is not dishonest? Did you hear the latest report about that thurch member? Did you hear the story about Mrs. So-and-So?" Such persons will look at other peoples faults with the finest microscope and with Miss Christine Panne last Satur- at their own imperfections with a Lick Telescope turned up side down, They will strain at gnats of their neighbors imperfections and swallow Water and mud shoe top deep in huge camels of their own faults.

They will spend all of their time hunting for bull-snakes in people's nature instead of rocky mountain eagles; for skunks instead of turtle doves. Ever since a woman got the human race into trouble in the Garden John Pearson has become an of Eden, it does not take a very good hunter to find the bad instead of the P. H. Gory is stepping high now good in the best christian character.

God sets his disapproval on these Rev. Flower, of Galatia, preached busybodies by the visage of their faces. to the Elmdale people the evening of You can tell a person that sees the best side of human nature by their looks. Although such persons may not have symmetrical features in the face, yet you can tell by the twinkle of the eye, the curve of the nostril, and the turn of the upper and lower lip, the signature of Divine approval. But those people, who go around an hunting musk rats and scorpions in peoples' nature, can be told at first glance. Although the features of A. National Council meeting. Will and Thomas Boyle were over their face may be regular; yet there in the Valley last Saturday helping is a sneer in inflation of their nostrils, a bad look in the eye, a mean curva-Charley and Galord Beard of ture to the lip.
